# AUTOMATED RETENTION MARKETING

## Sell More Cars, More Often

Boost+ Automated Retention uses AI to identify previous customers eligible to upgrade. It automatically delivers personalized marketing and upgrade offers that drive customers to a personalized upgrade site. Boost retention increases your traffic and helps you sell more cars with more trades.

# WEBSITE CONVERSION TOOLS

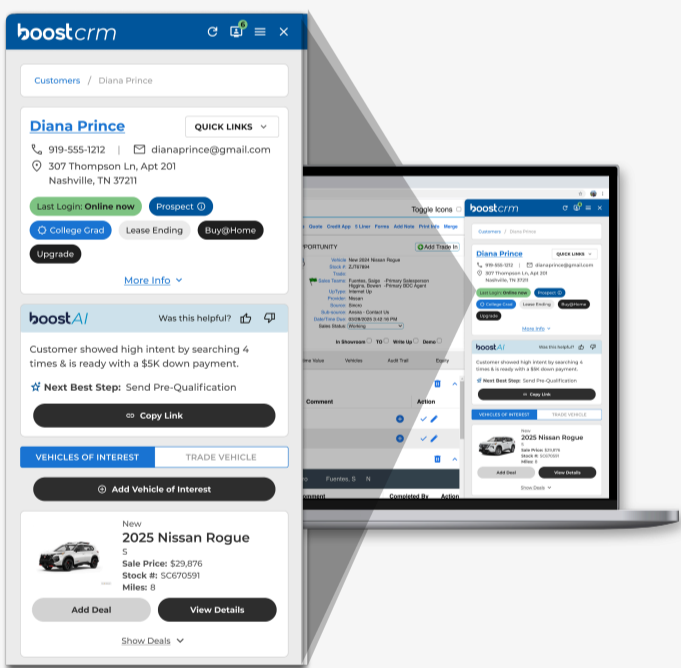

## Increase Website Leads by 2-3X

Embedded pre-qualification and trade-in tools along with smart banners and optimized CTAs increase website leads by 2–3X, eliminating the need for disconnected third-party tools, including trade in, pre-qual, and payments.

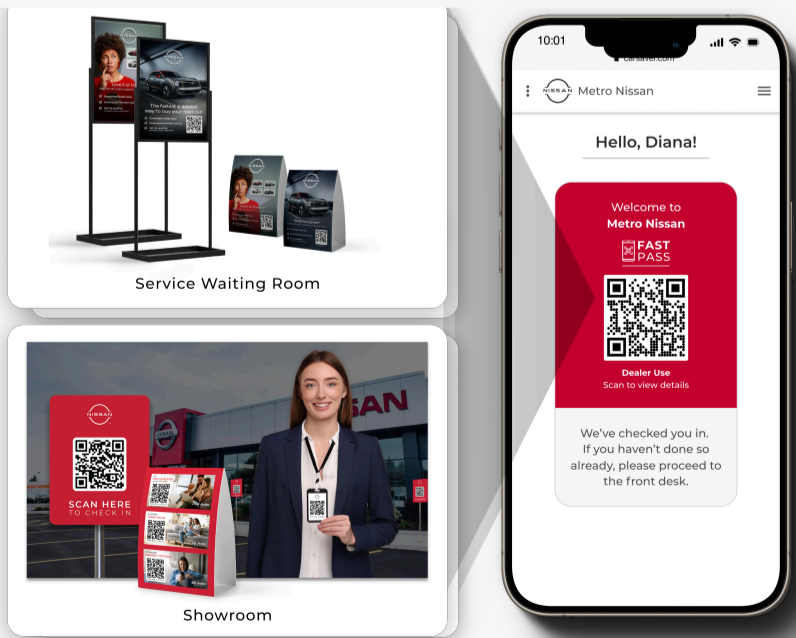

# CRM PLUG-IN

## Boost Performance in Your CRM

Boost integrates with your existing CRM to elevate contact rates and appointment conversions. It also connects seamlessly with your DMS, Dealertrack, and Service Drive to provide a complete view of every shopper and every opportunity.

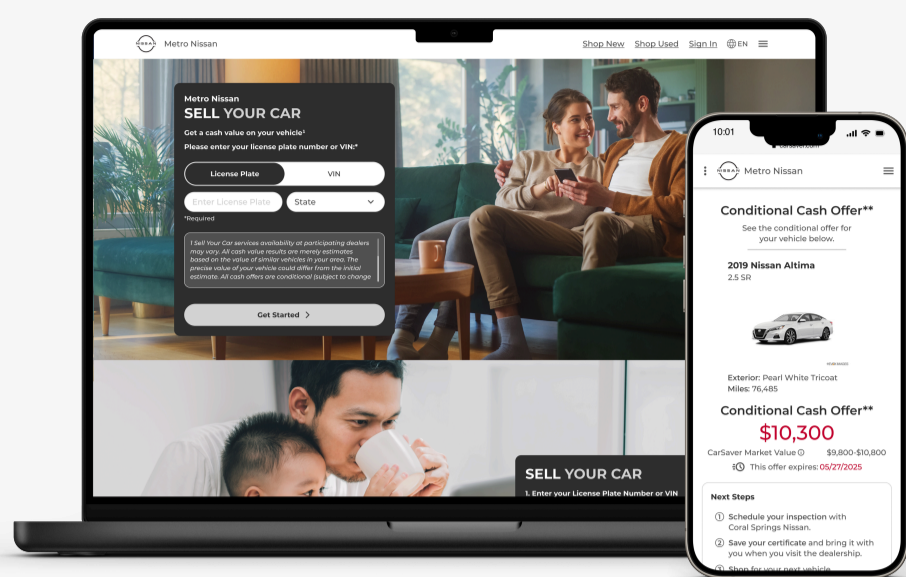

# FASTPASS FOR SHOWROOM & SERVICE DRIVE

## Capture More Leads Across Every Touchpoint

Smart QR codes instantly launch personalized buyer experiences in your showroom and service drive—capturing data, streamlining check-ins, and accelerating deals.

# VEHICLE ACQUISITION TOOLS

## Acquire More Cars From Your Service Drive and Private Sellers

Fully integrated Vehicle Acquisition tools that provide instant, transparent, market-based offers to customers for their vehicles for sale or trade.

# WHITE-LABELED PLATFORM

## Your Brand. Your Experience.

Offer the full Boost+ experience under your dealership or group's brand—ideal for groups looking to unify their digital retail strategy.
